

STORED CERTIFICATE INTERVALS

(a) phase intervals in one gauge

(b) algebraic
interval

$$m = 5.756691395749909$$

$$(\phi - m) 10^9$$

(c) homoclinic
interval

$$m = 5.861505585644915$$

$$(\phi - m) 10^{13}$$
